

Student Assistant Positions (m/f/d, 40h/month)

At the Explainable Machine Learning Lab at the Cluster of Excellence “Machine Learning for Science”, there are

Student Assistant Positions (m/f/d, 40h/month)

available to be filled as soon as possible. The contracts will be for 4 months.

Aim and task:

The student assistants will be the tutors for the course “Introduction to Machine Learning”, which will take place in the SoSe 2023. In this position, the tutors will hold the exercise classes and mark the problem sheets of the course (2h per week).

Profile:

Applicants should be enrolled in an M.Sc. degree program at the University of Tübingen, be proficient in English, and have experience in machine learning, with good grades in related courses. Familiarity with Python and LaTeX is also required.

How to apply:

Please send your application to eml-teaching@inf.uni-tuebingen.de. It should include

- a short cover letter, with the motivations for you to apply;
- a short CV that states what you are studying, since when and whether you have been a tutor before.
- a recent transcript of records.

The deadline for application is February 28th, 2023. Applications will be assessed on a rolling basis until the positions are filled.

The university seeks to raise the number of women in research and teaching and therefore urges qualified women academics to apply for these positions. Equally qualified applicants with disabilities or minority groups will be given preference.
